

Public Forum Policy

In order to provide the public with a chance to address the Board of Commissioners during its regular meetings and stay in compliance with the State Law, a public comment period is included during each regular board meeting.

The Spring Hope Board of Commissioners have voted and passed the following guidelines for Public Forum.

1. Anyone desiring to speak before the board must request to do so in advance of the meeting, give their topic and address to the clerk.
2. Speakers will be called by the mayor. Speakers shall address the board from the podium and begin remarks by stating their name and address.
3. Speakers will have 3 minutes to voice their subject. In the case of a group one person shall be designated to speak and they must adhere to the 3-minute limit.
4. A level of order and decorum is expected and mandated by General Statute

General Statute NCGS 143-318.17 Disruption of meetings
