Each household should have at least one (1) garbage cart & one (1) recycle cart. You have the option of getting more by calling (252) 478-5186 for an extra \$10 per month per cart.

Household garbage & recycling waste collection is a contract service provided by Waste Industries on Fridays. Garbage is collected every week; however, recycling is collected every other week. The garbage fee is assessed to each household, regardless of whether you use the garbage cart or not. The only exception is for businesses that have dumpsters, which they pay for directly to the company with whom they are contracted.

Garbage and recycling carts are the property of Waste Industries and must not be removed by the customer at any time. If you move and take either of these with you, you will be charged \$100 for each on your final water bill.

Please note that certain times of the year garbage/recycling will be picked up on Saturday because of a holiday, refer to your calendar for these days.

We draft only "1" time per month on the 15th of each month. The file must be sent to the bank "2" business days ahead of the actual draft date. Once the file is sent, there is no way to stop the draft, please keep this in mind should you need to make changes to your draft. If the 15th falls on a weekend, the drafts will come out of your bank on the next business day, same as a holiday.
